

Mercyful Fate, Black Funeral

Bring the black box to the altar
Now raise your hands and do the sign
Oh hail Satan, yes hail Satan
Lay down your swords, the evil star

It's a black funeral
She was a victim of my coven

Open the black box on the altar
Her blood is still hot, so let it out
Oh hail Satan, yes hail Satan
Now drink it, drink, drink, forget that whore

It's a black funeral
She was the victim of my coven
