

Mercyful Fate, Burn In Hell

All your sins are forgiven
In the name of Jesus in heaven...Ahhh

There you stood with your soul in your hand
Thinking...that God would understand
Satan take him to where you dwell
Satan take him to burn in hell

Always were a believer
You never thought of God as the Deceiver...Ahhh

There you stood with your soul in your hand
Thinking...that God would understand
Satan take him to where you dwell
Satan take him to burn in hell

Burn In Hell...Drown in my wishing well
Burn In Hell...Drown in my wishing well

Where is your Jesus now, Jesus in Heaven
Where is your saviour of all
He's executing your soul

Burn In Hell...Drown in my wishing well

Jesus and Satan hand in hand
Leading you down the stairway to the damned
No more pearly gates for you
Eternal flames, wondering who is who...Ahhh

Burn In Hell...Drown in my wishing well
Burn In Hell...Drown in my wishing well

Where is your Jesus now, Jesus in Heaven
Where is your saviour of all
He's executing your soul

Burn In Hell...Burn In Hell
