

# Mercyful Fate, Egypt

(Music & lyrics by King Diamond)

Ahh...Egypt...Ahh

Solo: Shermann

O Thou of countless names  
Who are one and all things  
O Thou of countless names  
Without beginning, without end

Ahh...Egypt...Ahh

Osiris...Anubis...The underworld  
is yours  
Osiris...Anubis...I put my soul  
in your hands  
O Thou, God of the Dead  
Lead my soul to the judgement hall  
O Thou, Jackal Head  
Weigh my soul, I await your call

Ahh...Egypt...Ahh

Ammit, Eater of the Dead  
Is devouring my heart  
Will I pass on to Aaru  
Or will I be condemned?

Solo: Denner

I'm burning inside to know  
I'm burning inside to know  
I'm burning inside to know

I must be back on time  
But still I want to know  
I hope they let me go  
I'm from another time  
And I must reunite  
My body and my soul

I'm burning inside to know  
I'm burning inside to know  
I'm burning inside to know

Osiris...Anubis...The underworld  
is yours  
Osiris...Anubis...I put my soul  
in your hands  
O Thou of countless names  
Who are one and all things  
O Thou of countless names  
Without beginning, without end

Ahh...Egypt...Ahh

Egypt come back to me  
Egypt come back to me  
Egypt, without beginning or end
