

Mercyful Fate, Nightmare Be Thy Name

Master... You know I never pray
Master... Nothing can keep you away

Chorus:
Nightmare be thy name, Nightmare be thy name

The dreams... They always do come true
Second sight, and I don't want to know

Chorus

You got to stop this game... Before I go
In-sane... You drive me insane
You would follow me straight to the grave
And beyond... Oh yes you would

Solo: S/D

In Hell, I see the fate of others
Break the spell, this night has been on forever

Chorus

You got to stop this game... Before I go
In-sane... Before I go insane
