

# Mercyful Fate, Oh Diana

Solo: wead

Hecate... darkness and terror of the night  
Hecate... oh, the crossroads are thine  
You are diana, you are the hunter of souls  
The dogs are howling, we dogs know when you approach

Let us ride with a beast tonight

Let us ride to the crossroads  
Let us ride with a beast tonight  
Let us ride in the dead of night...

To the crossroads... to the crossroads...  
We ride to the crossroads, in search of your soul  
We ride to the crossroads, in search of your soul...
