

Mercyful Fate, On A Night Of Full Moon

Stay away

I am evil

Or you will die by tomorrow

Copulation with a body of woman recently dead

My ceremonies with all the corpses

Finding souls so to unlock the coffins

It's a desecration of souls in their holy lair

Magic circles drawn after midnight

Around graves to be opened

I'll use a wand and bodies rise

I'll ask the questions and I'll burn the remains

It's a desecration of souls in their holy lair

Oh this sacrifice I've been searching on the night of full moon

Copulation with a body of woman recently dead

My ceremonies with all the corpses

Finding souls so to unlock the coffins

It's a desecration of souls in their holy lair

Oh this sacrifice I've been searching on the night of full moon
