

Mercyful Fate, Return Of The Vampire

VERY SPECIAL GUEST: Lars Ulrich
on drums
(Music by Hank Shermann Lyrics by
King Diamond)

A suicide, the birth of a Vampire
Deep in his lair, gasping for air

Spread wings
Fly out at sunset
So high above, back before dawn

Return of the Vampire
Leaving his lair
He's out for blood and it's yours
he will share
Return of the Vampire
Leaving his lair
He's out for blood and it's yours
he will share

There's only one way you can
stop him
You gotta trace the Vampire to
his lair, oh yeah
And then you gotta drive a stake
Right through the heart of the
living dead, the dead

Oh I can feel something is wrong

Vampire, My shadow is gone
Vampire, I know what you've
done
Vampire, My shadow is gone
Vampire, I know what you've
done

Solo: Denner

Solo: Shermann

Return of the Vampire
Leaving his lair
He's out for blood and it's yours
he will share
Return of the Vampire
Leaving his lair
He's out for blood and it's yours
he will share
