

# Mercyful Fate, Return Of The Vampire

VERY SPECIAL GUEST: Lars Ulrich  
on drums  
(Music by Hank Shermann Lyrics by  
King Diamond)

A suicide, the birth of a Vampire  
Deep in his lair, gasping for air

Spreaded wings  
Fly out at sunset  
So high above, back before dawn

Return of the Vampire  
Leaving his lair  
He's out for blood and it's yours  
he will share  
Return of the Vampire  
Leaving his lair  
He's out for blood and it's yours  
he will share

There's only one way you can  
stop him  
You gotta trace the Vampire to  
his lair, oh yeah  
And then you gotta drive a stake  
Right through the heart of the  
living dead, the dead

Oh I can feel something is wrong

Vampire, My shadow is gone  
Vampire, I know what you've  
done  
Vampire, My shadow is gone  
Vampire, I know what you've  
done

Solo: Denner
