

MercyMe, Sing

My heart's beating out of my chest
I've lost the words to say
Trying to stay calm at best
Cause you've looked my way

Give me peace Lord Jesus
I need to sleep tonight
Like a newborn waiting
To hear a lullaby
I am here anticipating
Your voice tonight

Chorus
Oh won't you sing
Sing over me
Lord won't you sing
Sing over me
Let Your grace fall upon me
Like the sweetest of symphonies
Oh please sing over me
