SOME OF US NEVER LEARN

(Merle Haggard)

There'll always be a few of us to keep the barrooms busy  
And there'll always be fools like me with no place else to turn  
Cause liquor has the charmin' taste to keep you coming back  
For it's true I guess that some of us never learn  
A crowded bar can't ever change the past  
But from time to time we drown it in a glass  
Cause liquor has the charmin' taste to keep you coming back  
Well it's true I guess that some of us never learn  
A crowded bar can't ever...  
Never learn
