

Merle Haggard, Someday, When Things Are Good

Someday when things are good, I'm gonna leave you.
I can't seem to go when things are bad.
I'll be one more love that you can dream about,
And one more man that you can say you've had.
You'll always be the kind to dream of yesterday.
And a way of life I never understood.
And someday soon I'll be just one more memory.
And you'll call my name when things are not so good.
Someday when things are good, I'm gonna leave you.
I can't seem to go when things are bad.
I'll be one more love that you can dream about,
And one more man that you can say you've had.
