

# Meshell Ndegeocello, Satisfy

Only you  
Can satisfy me  
x4

The rays of the sun reap me body  
I'm naked in your world  
Come walk me through the garden  
And fill me with your love  
I've searched my whole life  
For the reasons that we cry  
Find solace in your embrace  
Just one kiss and I close my eyes

Only you  
Can satisfy me  
x4

Alone I am never  
I am but one of many  
And you've come so that I may see  
Freedomness is my belief  
I hold out my hand to touch heaven  
Tear out my grieving heart  
But you come and fill it with love

Only you  
Can satisfy me  
x4

Only you  
Can satisfy me
