

Meshell Ndegeocello, Satisfy

Only you
Can satisfy me
x4

The rays of the sun reap me body
I'm naked in your world
Come walk me through the garden
And fill me with your love
I've searched my whole life
For the reasons that we cry
Find solace in your embrace
Just one kiss and I close my eyes

Only you
Can satisfy me
x4

Alone I am never
I am but one of many
And you've come so that I may see
Freedomness is my belief
I hold out my hand to touch heaven
Tear out my grieving heart
But you come and fill it with love

Only you
Can satisfy me
x4

Only you
Can satisfy me
