

Mest, Breakin' Down

When we first met It seemed so right me and you
We had it all we had it made
What we had was true But the years have passed
And we didn't last the test of time
See you now and then
Thought you were my friend
I was wrong this time

Breakin' breakin' she's breakin' down
Breakin' breakin' she's breakin' down
Breakin' breakin' she's breakin' down
Breakin' breakin'

You've lost your sense of stability
Now that you're free
No memory of yesterday
Is what you say to me
Say you're so jaded
But intoxicated is all you feel
And now I've learned that
What we had was never real
Breakin' breakin' she's breakin' down
Breakin' breakin' she's breakin' down
Breakin' breakin' she's breakin' down
Breakin' breakin'

Things you've done show you don't care
So I won't be there

Breakin' breakin' she's breakin' down
Breakin' breakin' she's breakin' down
Breakin' breakin' she's breakin' down
Breakin' breakin'

...she's broken down
