

Metallica, Lux Æterna

Anticipation
In domination
A sea of hearts beat as one, unified
Magnification
All generations
Approaching thunder awaiting the light

Full speed or nothing
Full speed or nothing

Lux Æterna
Lux Æterna

Exhilaration
Frenzied sensation
Kindred alliance connected inside
Commiseration
Sonic salvation
Cast out the demons that strangle your life

Full speed or nothing
Full speed or nothing

Lux Æterna
Lux Æterna
Lux Æterna

Emancipation
Kill isolation
Never alone for the feelings alike
Amplification
Lightning the nation
Never alive more
Than right here tonight

Full speed or nothing
Full speed or nothing

Lux Æterna
Lux Æterna

Light it
