Methods Of Mayhem, Crash

(HERE'S SOME MUSIC TO CRASH YOUR CAR TO!!)

Ain't no use, it's too fast to undo
Crash... Crash
60 shots of Jack and I feel you
Equilibrium's off and it's pure pandemonium

[Chorus:]
We're goin' too fast!
We're goin' too fast!
Ain't no way that this is ever gonna last
We're goin' too fast!
We're gonna crash!
I'm just a wreck so what the hell did you expect?

Cockeyed joyride swervin' between the lines
Rearview mirror making me lose my mind
All liquored up and he's back behind the wheel again
Got no idea where he's goin' or where he's been

We're goin' too fast!
We're goin' too fast!
Ain't no way that this is ever gonna last
We're goin' too fast!
We're gonna crash!
I'd push my luck, so what I just don't give a fuck

Going too fast... Going too fast... Going too fast... Going too fast

The sun's coming up
As you start to feel you're coming down
Goddamn give me hope
So I can kiss the ground!

[Repeat Chorus]
