

MGMT, Me and Michael

not everyone can be like me and Michael
the only problem is forgetting which side you're on
so you think burning light will reapeare on summer nights
like all the rest, but they can't find out

in every scene, it's me and Michael
imaginary bombs raining down from the clouds
so it seem the danger signs will never let the feeling die
when all the best and brightest have gone

me and Michael
solid as they come
me and Michael
it's not a question now
it's me and Michael
solid as they come
me and Michael
it's not a question now
me and Michael

binary star sink like the setting sun
too happy with ourselves to notice when the change had come
so you think the losing side would never break diving lines
when sanctity wasn't a thing of doubt

me and Michael
solid as they come
me and Michael
it's not a question now
it's me and Michael
solid as they come
me and Michael
it's not a question now
me and Michael
