

Miami Sound Machine, You Made A Fool Of Me

Sorry to hear she wasn't all she seemed, that she made a fool of you
But while you were crying, you made a fool of me
Sorry to see how blind someone can be, 'cos she never cared at all
Yet without even trying, you made a fool of me

Chorus:

There is no way for me to hide the pain inside, a love that fantasy kept alive
I seek the truth but cannot find, I need a way to justify
Why you made a fool of me

Sorry to know, love was the perfect crime, caring a waste of time
But while you were crying, you made a fool of me

chorus

(Instrumental break)

Sorry to know, love was the perfect crime, caring a waste of time
But while you were crying, you made a fool of me
Without even trying, you made a fool of me
