Miami Sound Machine, You Made A Fool Of Me

Sorry to hear she wasn't all she seemed, that she made a fool of you But while you were crying, you made a fool of me Sorry to see how blind someone can be, 'cos she never cared at all Yet without even trying, you made a fool of me

Chorus:

There is no way for me to hide the pain inside, a love that fantasy kept alive I seek the truth but cannot find, I need a way to justify Why you made a fool of me

Sorry to know, love was the perfect crime, caring a waste of time But while you were crying, you made a fool of me

chorus

(Instrumental break)

Sorry to know, love was the perfect crime, caring a waste of time But while you were crying, you made a fool of me Without even trying, you made a fool of me
