

# Micah P. Hinson, Close Your Eyes

And close your eyes  
And don't you make a sound  
There's no worries now  
And close your eyes  
And don't you make a sound  
There's no worries now  
There's no one else around,  
to hear you cry  
You're so asleep  
Again, tonight  
Close your eyes  
And don't you make a sound  
There's no worries now  
And close your eyes  
And don't you make a sound  
There's no worries now  
There's no one else around,  
To hear you cry  
You're so asleep  
Again, tonight
