

# MICAR, Brothers In Arms (feat. Nico Santos)

Let's .. to stop invaders  
We stand beneath the same blue sky  
In my dreams we'll be united  
We can be one if we try  
For some time we'll chase dreams  
For some time we'll break free  
For some time we'll be found  
Then we all know  
We're brothers in arms

We're brothers in arms  
I know we're here for a reason  
We're .. find a leading way  
If we try and keep believing  
Our hope is meant to stay  
We say:  
For some time we'll chase dreams  
For some time we'll break free  
For some time we'll be found  
Then we all know  
We're brothers in arms
