

MICAR, Sleep Alone

Winters's gonna come
Goodbye morning sun
Bright light in the dark
But I'm lonely

Did they
Treat you kind
It's alright
I don't mind
Just let it go now
Coz I'm lonely

Get on a boat
On a train
On an airplane
Get on a boat
On a train
On a plane
Get on a boat
Or whatever would take you home
Coz I don't wanna sleep alone
/2x

I don't wanna sleep alone

Lose your summer skin
Bring some jack and gin
The same that we had
When you're leaving

Did you fall in love?
Have you had enough?
Time to forget
Why you were leaving

Get on a boat
On a train
On an airplane
Get on a boat
On a train
On a plane
Get on a boat
Or whatever would take you home
Coz I don't wanna sleep alone
/2x

I don't wanna sleep alone
