

# Michael Bublé (Michael Buble), Love At First Sight

I'm making this one special evening  
Taking a chance in my life  
Hoping you feel the same way as I do tonight  
Just try and look into my eyes  
Don't be scared of what you might see there  
The first time I saw you  
I knew love at first sight must be true, so true, oh so true  
And now I just have to explain why I feel this way  
I feel joy, I feel pain  
You're in my heart and it's tearing me apart  
'Cause I love you, I love you, I love you!
