

# Michael Bublé (Michael Buble), Me and Mrs. You

I can't stand still  
I'm looking for something  
And that something is you  
You can be my rainbow  
And I'll be your pot of gold  
But all that really matters  
Are the things that we do  
I do hope that one day  
they'll be a Me & Mrs. You  
But I can't stand still  
I'm so excited, I just wanna scream  
I see you right before me  
And it's like a real good dream  
But I want you to know something, Baby  
Yes, it's really true  
I do hope that one day  
they'll be a Me & Mrs. You  
I can't stand still  
I'm looking for something  
And that something is you  
You can be my rainbow  
And I'll be your pot of gold  
But all that really matters  
Are the things that we do  
I do hope that one day  
they'll be a Me & Mrs. You
