

Michael Jackson, Everybody's Somebody's Fool

Everybodys somebodys fool
The world is the biggest school
As you live, you learn though a torch will burn
Everybodys somebodys fool

You go through life making fools of others
Pretending youre giving them love
But remember sister or brother
You all have to answer to the one u above

Its beautiful to watch love begin
But oh so sad when it ends
As you got through life remember this rule
Everybodys somebodys fool

Its beautiful to watch love begin
But oh so sad when it ends
As you got through life remember this rule
Everybodys somebodys fool
