Michael Jackson, HIStory (Tony Moran's HIStory

He got kicked in the back He say that he needed that He hot willed in the face Keep daring to motivate He say one day you will see His place in world history He dares to be recognized The fires deep in his eyes

How many victims must there be Slaughtered in vain across the land And how many struggles must there be Before we choose to live the prophet's plan Everybody sing...

Every day create your history Every path you take you're leaving your legacy Every soldier dies in his glory Every legend tells of conquest and liberty

Don't let no one get you down Keep movin' on higher ground Keep flying until You are the king of the hill No force of nature can break Your will to self motivate She say this face that you see Is destined for history

How many people have to cry The song of pain and grief across the land And how many children have to die Before we stand to lend a healing hand Everybody sing...

Every day create your history Every path you take you're leaving your legacy Every soldier dies in his glory Every legend tells of conquest and liberty Every day create your history Every page you turn you're writing your legacy Every hero dreams of chivalry Every child should sing together in harmony

All nations sing Let's harmonize all around the world

How many victims must there be Slaughtered in vain across the land And how many children must we see Before we learn to live as brothers And leave one family oh...

Every day create your history Every path you take you're leaving your legacy Every soldier dies in his glory Every legend tells of conquest and liberty Every day create your history Every page you turn you're writing your legacy Every hero dreams of chivalry Every child should sing together in harmony

A soldier dies A mother cries The promised child shines in a baby's eyes All nations sing Let's harmonize all around the world
