

# Michael Jackson, Trouble

I don't wanna move when I'm in her hands  
There's nothing I can do or say. Uh!  
Put everything on hold. Cancel all my plans  
Tell everybody I'm away - Hey.  
She may be bad, but she feels so good  
I'll give her anything she wants.

She's trouble (I know it)  
She only needs to touch me  
I'm in trouble (I know it) Hee! Ow.  
She's trouble (I love it)  
I know just when she does it  
I'm in trouble (I know it)

I never knew what's running through her mind  
No telling what she's gonna do - Ee.  
Her every move is like a danger sign  
And daring me to come on through - Hey!  
She may be bad, but she feels so good  
I give her anything she wants.

She's trouble (I know it)  
She only needs to touch me  
I'm in trouble (I know it) Hee! Ow.  
She's trouble (I love it)  
I know just when she does it  
I'm in trouble (I know it)

She's trouble  
She knows what I like  
I got a feeling I'm falling (Going in trouble)  
Trouble  
There's no hope in sight  
I'm in way over my head.

She's trouble (I know it)  
She only needs to touch me  
I'm in trouble (I know it) Oo!  
She's trouble (I love it)  
I know just when she does it  
I'm in trouble (I know it) Oo!

She's trouble (I know it)  
Only needs to...(I know it)

(I know it)  
(I love it)
