

Michael McDonald, Sweet Freedom (Feat. Safriduo)

No more running down the wrong road
Dancing to a different drum
Can't you see what's going on
Deep inside your heart?
Always searching for the real thing
Livin' like it's far away
leave all the madness in yesterday
You're holding the key when you believe it

Shine, sweet freedom
Shine your light on me
You are the magic
You're right where I want to be
Oh, sweet freedom
Carry me along
We'll keep the spirit alive, on and on (baby...)

We'll be dancing in the moonlight
Sailing with the rising sun
Living like we've never known
Goin' all the way
Reaching out to meet the changes
Touching every shining star
The light of tomorrow, it's right where we are
There's no turning back, from what I'm feeling

Shine, sweet freedom
Shine your light on me
You are the magic
You're right where I want to be
Oh, sweet freedom
Carry me along
We'll keep the spirit alive, on and on (baby...)

Cause they'll be starlight all night
When it comes together
Share those feelings dancing in your eyes
Tonight they're guiding us
Shinin' till the morning light

Shine, sweet freedom
Shine your light on me
You are the magic
You're right where I want to be
Oh, sweet freedom
Carry me along
We'll keep our spirit alive, on and on

Shine, sweet freedom
Shine your light on me
You are the magic
Magic baby
Oh, sweet freedom
Carry me along
We'll keep the spirit alive, on and on

Shine, sweet freedom
