

# Michael McDonald, Tear It Up

(Gardner Cole And Seth Swirsky)

Now I need your touch tonight  
Nobody else will do  
The time is right  
Love's a game and we're both in it  
Playin' for real, we will win it  
Gonna show them how it's meant to be

We're gonna make it together  
We're gonna tear it up  
Take it to the limit girl  
We're gonna make it together  
We're gonna tear it up  
Never see the finish

Now tomorrow seems so bright  
The future's lookin' good for us  
We have a chance  
If our faith is true and we don't break it  
No one else could ever shake it  
What we have will last eternally

True love forever, shine your light this way  
And we'll stay together  
Passion is all it takes to make it real  
And it's what we're feelin'
