

Michael Nesmith, Rays

See all those rays
Shining from the inside out?
See all those rays?
Rays are what it's all about.

See those rays shining
Down upon the darkened page!
See those rays shining
Out from each successive stage!

Oh I see rays
Shining through the where & when.
See all those rays
Shining from the outside in?

I see rays shining
Moving in & out of phase.
I see rays shining
Fascinating rays for days.

Oh I see rays...
Waiting for the light of mind.
Wondering what I will find.
Are they gonna leave my wandering in darkness?
Are they gonna leave me dancing on the mountain?

Oh I see rays
Shining through the where & when.
See all those rays
Shining from the outside in?

I see rays shining
Moving in & out of phase.
I see rays shining
Fascinating rays for days.
Are they gonna--
Gonna leave me?
Are they gonna--
Gonna leave me?
Are they gonna--
Are they gonna leave me--
Are they gonna leave me dancing on the mountain?

Oh I see rays.
