

# Michael Ruff, Can't Get You Out Of My Mind

Love's a cloud or so they say  
I feel a storm coming my way, oh baby  
I can't get you out of my mind  
Out of my mind

Love's a word said often in vein  
I believe when I feel your name, oh baby  
I can't get you out of my mind  
Out of my mind

Love's a drug, I have no doubt  
On your kiss I'm all strung out, oh baby  
I can't get you out of my mind  
Can't get you out of my mind, out of my mind

[keyboard solo]

Love's a moon that shines above  
I'm in heaven when I feel your touch, oh baby  
I can't get you out of my mind  
Can't get you out of my mind, out of my mind  
Can't get you out of my mind, out of my mind  
Can't get you out of my mind, out of my mind  
Can't get you out of my mind, out of my mind

[piano solo]
