

# Michael W. Smith, I'm Gone

## 1st Verse:

I see you smiling at me  
And I fall into a daydream  
don't know what all of this means  
Oh, is it love?  
Logic is slipping away  
My heart's on a runaway train

## Chorus:

I'm gone, yes I'm gone, yes I'm gone and  
It feels so right

## 2nd Verse:

Each time I look in your eyes  
So glad you came into my life  
Much more than an emotional high  
Oh, this is love  
I know that I've made up my mind  
I'll stay for the rest of my life

## Chorus
