

# Michael W. Smith, The Other Side Of Me

1st Verse:

If they were to write about  
The story of my life  
They would have to mention you  
With every page they'd write  
There's another side to every story told

If I were the ocean  
You would be the shore  
One without the other one  
Would be need something more  
We are the shadow and the light

Chorus:

Always love me  
Never leave me now  
Now you are the other side of me  
(Repeat)

2nd Verse:

I have known the emptiness  
Of feeling out of touch  
and living life without you here  
Would be living half as much  
'Cause I've a need that only you could fill

If love was mathematical  
You'd understand the sum  
To the heart's equation  
Where one and one makes one  
and lonely equals me minus you

Repeat Chorus
