

Michael W. Smith, The Other Side Of Me

1st Verse:

If they were to write about
The story of my life
They would have to mention you
With every page they'd write
There's another side to every story told

If I were the ocean
You would be the shore
One without the other one
Would be need something more
We are the shadow and the light

Chorus:

Always love me
Never leave me now
Now you are the other side of me
(Repeat)

2nd Verse:

I have known the emptiness
Of feeling out of touch
and living life without you here
Would be living half as much
'Cause I've a need that only you could fill

If love was mathematical
You'd understand the sum
To the heart's equation
Where one and one makes one
and lonely equals me minus you

Repeat Chorus
