

Michal, Broken Boy

I can be whatever you want me to be
Just ask me nice and I'll be nice
We kiss and say we will but we don't mean it
And all the girls like you they tell me their secrets

Chorus:

'cause I'm nothing girl and nothing hurts
When you're with me
And you're broken boy
And all your dreams are broken toys
And I'll take your love
And turn it into nothingness like me

What have you done that you should feel so guilty?
If you're not happy here
Darkness will follow you anywhere
They might have the money and the fame
But they can't hold a candle to my flame

Repeat chorus

I can be whatever you want me to be
Just ask me nice and I'll be nice
Chorus (2x)
I can be whatever you want me to be
