Michal, Flash

Flash; you're a picture in my heart
And I won't let you fade or die
So I guess it goes
Sigh; I imagine how you sigh
As you lie beside your love
Safe, supine not mine
Chorus:
Please believe me it's true
I'd waste my life on you
You are the only one I want
You are the only one I want

The only thing I'll die without
You are why I try
Live and be happy if you can
And know you bring me joy that way
Live anyway you can
Chorus (2x)
Happiness is the memories I can't have
Love is the people I have lost
Life is running from the end
Music is the space between the silences
