

Michal, Ripe

Yesterday was just a sigh
Separating you and i
When the truth lies denuded
The faith remains forever
No deceit can ever take
This piece of me I give to you
You become my expectations
The humanity I envisioned
This miracle that's you
This thread I hold onto
Will never break
Your experience is ripe

With pain beyond my comprehension
But the obscenity of youth
Bears scars you cannot fathom
Chorus:
If this is just a dream
If it's not all that it seems
I'll never wake
How dare you say you know my heart?
You've no idea just how
This emptiness grows
Repeat chorus
