

Michale Graves, One Moment Away

One moment away, One moment away
I stopped trying to win the situation, infatuation
Im sorry you have lost your way
Im dying to have a conversation
One moment away, some say salvation
One moment away, one moment away
One moment away, some say salvation
One moment away
I stopped trying to heal the situation, molestation
Im sorry you have lost your way
Im dying to have a conversation
One moment away, some say salvation
One moment away, one moment away
One moment away, some say salvation
One moment away
I stopped to heal the congregation, i cant save ya
Im sorry you have lost your way
Im dying to send someone salvation
One moment away, some say salvation
One moment away, one moment away
One moment away, some say salvation
One moment away
