

# Michelle Darkness, My Sweet

I dont wanna get more fears  
Cause I suffocate in my lifes misery

Cant you see that I need you like me  
We collided, our hearts, you and me  
I need you, I need you, you need me

I dont wanna live anymore  
Without you my sweet  
Dont wanna live anymore  
Youre all I need

I dont wanna cry more tears  
Cause I have enough of this lifes misery

I dont wanna live anymore  
Without you my sweet  
Dont wanna live anymore  
Youre all I need

I dont wanna get more years  
Cause I need you to release me
