

# Michelle McManus, Say It Isn't So

So you say you need time  
Some time on your own  
You wanna work things out

No I don't understand why  
But baby I'll try  
been waiting all my life

So before you go, won't you let me know  
Is this the end,

Just say that it isn't so, tell me that you love me, just like before  
Open up your heart, cause I need to know  
Just say it isn't so  
Oh no

I don't wanna lose your love  
Baby bring me back to forever more  
Explain it to my heart  
Cause this can't be wrong  
Just say it isn't so

I remember the days,  
I remember the nights we spent together  
The way that I made you laugh, is it all in the past  
If so it makes me sad

So before you go, won't you let me know  
Is this the end  
Just say that it isn't so  
Tell me that you love me just like before  
Open up your heart, cause I need to know  
Just say it isn't so

I don't wanna lose your love  
Baby bring me back to forever more  
Explain it to my heart, cause this can't be wrong  
Just say it isn't so

Every moment in time,  
That we spent. you and I, can't be wasted,  
Oh no, no no no no  
Turn around, look my way  
Maybe then you will stay  
Baby I pray

Oh oh  
Just say that it isn't so  
Tell me that you love me just like before  
Open up your heart, cause I need to know  
Just say it isn't so  
Oh no

I don't wanna lose your love  
Baby bring me back to forever more  
Explain it to my heart, cause this can't be wrong  
Just say it isn't so
