

# Michelle Shocked, Too Little Too Late

Too little too late  
Don't you tell me how  
It used to be  
I've seen the record and it  
Clearly reads "To date:  
Too little too late"

Too little too late  
Don't you talk about  
The way things was  
Bringing roses and the  
Turtledoves don't rate  
Too little too late

You know I should have known  
That it was now or  
Never but good things  
Come to those who wait  
When nothing came  
But the eleventh hour  
I said honey, I'm taking  
The liberty to  
Liberate myself

And now I'm taking the liberty to  
Liberate myself

Too little too late  
Then was then  
but honey, now is now  
If I don't call  
Then you can just  
Learn how to wait  
Too little too late

Too little too late  
Too little too late  
Too little too late  
Too late
