

Michelle Williams, We break the dawn

OOh there's somethin' bout the skylight tonight
Something that makes me know everythin's gon' be alright
There's somethin' in the way that the stars align
There's not a single moment I'm a pass by
The hour's now
The base is loud
The disco lights
Shinin' through the crowd
We're holdin' time in our hands and it stops when we say
We say
And we ain't stoppin' 'til the morning light
We gotta hold back the sun, don't let it come
Ain't stoppin' for no one
The night is young
Don't let them turn on the lights
Let us decide when they play that last song
The night is done
When we break the dawn
We break the dawn
We break the dawn
We break the dawn
We break the dawn
Ooh there somethin' on the surface right now
Somethin' the keeps me movin' diggin' deeper down
So I just let the speakers speak to me
Vibrations movin' on the floor all around
The hour's now (yes)
The base is loud (yes)
The disco lights (yes)
Shinin' through the crowd
We're holdin' time in our hands and it stops when we say
And we ain't stopping 'til the morning light
We gotta hold back the sun, don't let it come
Ain't stoppin' for no one
The night is young
Don't let them turn on the lights
Let us decide when they play that last song
The night is done
When we break the dawn
We break the dawn
We break the dawn
We break the dawn
We break the dawn
We break the dawn
We break the dawn
We break the dawn
We break the dawn
We break the dawn
The daylight scene never hurt nobody
And if the DJ decides there ain't no more party
Cause we're turnin when we're good and ready
We step outside
Til the sunrise
Wait up and let me...
We ain't goin' nowhere
'til we good and ready
Ooooh, break the dawn!
We gotta hold back the sun, don't let it come
Ain't stoppin' for no one
The night is young
Don't let them turn on the lights
Let us decide when they play that last song
The night is done (keep it goin')
We gotta hold back the sun, don't let it come
Ain't stoppin' for no one

The night is young (the night is young)
Don't let them turn on the lights
Let us decide when they play that last song
The night is done
We gotta hold back the sun...
We break the dawn
We break the dawn
