

# Michelle Williams, So Glad

So glad to be here breathing walking talking yeah  
Living loving you yeah is all I wanna do  
Gotta lift my hands every time I get a chance  
Gotta let you know I love living this life with you

{Michelle}

Wonder why I smile, why I'm so happy now  
'cause it wasn't always like this, yeah it took me awhile  
to figure out that you were all that I need  
and nothing has been better than the love you've shown me

So glad to be here breathing walking talking yeah  
Living loving you yeah is all I wanna do  
Gotta lift my hands every time I get a chance  
Gotta let you know I love living this life with you

{Mary Mary}

It could have been me living on the streets with no food to eat  
But I thank God that ain't my story  
So I won't complain, i won't sing no sad songs  
'Cause everything ain't right but everything ain't wrong

So glad to be here breathing walking talking yeah  
Living loving you yeah is all I wanna do  
Gotta lift my hands every time I get a chance  
Gotta let you know I love living this life with you

You've been good to me  
Better than anyone could be  
And I'm just living for the love of you  
All I need you are  
Only you brought me this far  
And I cant imagine life without you

So glad to be here breathing walking talking yeah  
Living loving you yeah is all I wanna do  
Gotta lift my hands every time I get a chance  
Gotta let you know I love living this life with you
