

Michelle Wright, I Surrender

It's in every thought I think
It's in every dream I dream
It's in every breath I breathe
Oh it's taking over me
There's no fighting this
It's so obvious
I'm defenseless
It's stronger than me
I surrender

I feel it every kiss we kiss
In the touch of your hand
There's no reason to resist
Oh I don't stand a chance

CHORUS:

I surrender to the power of love
I surrender 'cause what's happening to us
Is so right, is so real
And I can't fight this feeling forever
I surrender
I surrender

I feel it when you speak
I feel it on my skin
My will is getting weak
Oh you know I'm giving in

CHORUS

There's no fighting this
It's so obvious
I'm defenseless
It's stronger than me

CHORUS

It's in every thought I think
It's in every dream I dream
It's in every breath I breathe
I surrender
I surrender
I surrender
I surrender
I surrender
