

# Midnight Oil, Outside World

There's a wind on the eastern side  
Ghost Gums dance in the moonlight night  
Mopoke mourns the racketeers

The bosses they can sense your moves  
All in place to a hand that rules  
They all want to deal you out

I can see the outside world  
Everything's inviting in the outside world  
Leaving all my problems in the outside world  
Leaving all my problems in the outside world

It's the summer of another year  
A little world weary a little more to fear  
Hold those cards tight to your chest

Maybe some day you could be a man  
Living quietly in a caravan  
Not the Lismore Road tonight

I can see the outside world  
Everything's inviting in the outside world  
Leaving all my problems in the outside world  
Leaving all my problems in the outside world
