

Midnight Red, Take Me Home

You're killing my resistance, now I have to let go
I'm drowning in your stream, girl, I can see heaven's door
I'm running out of fuel, know I'm 'bout to explode
You're feeling up my lungs, I swear I'm ready to go

Don't leave me lonely
Leave me lonely, leave me lonely
Put it on me, put it on me, put it on me

Don't keep me waiting, this love is fading
Take me home
I try but it's not the same
Give me your love again
Take me home
Just wanna be closer as the night gets colder
But the music's over
Just take me home
Don't keep me waiting, this love is fading
Take me home

I'm finding myself tripping as I'm reaching the shore
Feeling something ripping but I'm asking for more
Why you hide your love from me? I'm losing control
It's so hard when you're falling, why you climbing at all?

Don't leave me lonely
Leave me lonely, leave me lonely
Put it on me, put it on me, put it on me

Don't keep me waiting, this love is fading
Take me home
I try but it's not the same
Give me your love again
Take me home
Just wanna be closer as the night gets colder
But the music's over
Just take me home
Don't keep me waiting, this love is fading
Take me home

I'm finding myself tripping as I'm reaching the shore
Feeling something ripping but I'm asking for more
Why you hide your love from me? I'm losing control
It's so hard when you're falling, why you climbing at all?
