Oh oh well oh oh aye oh oh

Oh who aye my eyes tell my heart  
She was the one for me  
My mind take the attitude  
Wait and see  
I keep my head and heart in unity

She sight up the most high  
In conversation all the while  
But I've seen a form of godliness  
And a conscious style  
But I've seen a form of godliness  
And a conscious style  
She is humble, she is gentle  
She is such and such  
But can she find the mental toughness  
When things get rough

Wrickta scale, wrickta scale  
We neva gonna fail I know  
Neva gonna fail no

They want her to be quiet  
And close her mouth  
They want to treat her like a very large bank account  
I know that she don't want to be no apostrophe  
Puncture hating your ego incessantly
