

Mighty Lemon Drops, Happy Head

Do you wanna know what happens inside my happy head?
There's nothing I can say that hasn't already been said
Sometimes I'm up so high, sometimes I'm down
I can't remember having my feet on level ground

Think I'm going up again
Hear the angels fall
Think I'm going up again
Catch me when I fall

Just filling up the spaces inside my happy head
I fill it in the morning and tonight I'll take you to bed
Oh won't somebody cut me down and set me free?
I've spent so long killing time and now it's killing me

Think I'm going up again
Hear the angels fall
Think I'm going up again
Catch me when I fall

Swallow down inside of me

Think I'm going up again
Hear the angels fall
Think I'm going up again
Catch me when I fall

I've got a happy head
Just like the angel said
I've got a happy head
Just like the angel said
Happy head!
