

Miguel Bose, Paradise

Out to go
Thru your chosen door
Standing on the steps to paradise.

Someone else
Is taking on your space
Standing on the steps to paradise.

Cant you see
Its only you for me
Standing on the steps to paradise.

All I see
Is how our love should be
Standing on the steps to paradise
Paradise, paradise, paradise.

All Im wanting to say
Is you are my paradise, paradise
Dreaming day after day
It would be a paradise, paradise.

Come back baby to me
So we could taste paradise, paradise
Take my hand and well be
Forever in paradise, paradise.

Come on back
Weve been our separate ways
You know where we belong, its paradise.

Without your love
Im helpless on my own
Standing on the steps to paradise
Paradise, paradise, paradise.

All Im wanting to say
Is you are my paradise, paradise
Dreaming day after day
It would be a paradise, paradise.

Come back baby to me
So we could taste paradise, paradise
Take my hand and well be
Forever in paradise, paradise.

All Im wanting to say
Is you are my paradise, paradise
Dreaming day after day
It would be a paradise, paradise.

Come back baby to me
So we could taste paradise, paradise
Take my hand and well be
Forever in paradise, paradise.
