

# Miguel Bose, Winter Butterfly

Winter butterfly  
Coming from your wonderland  
Winter butterfly  
Let me fly with you tonight  
You came into my life  
When I needed you more and more...  
Now I can see the blue skies, blue skies and fly, fly, fly...

Winter butterfly

Winter butterfly

Winter butterfly  
Shining bright with all your light  
Winter butterfly  
A thousand sparkles in your eyes  
You came into my life  
Crossing like a shooting star  
You made me see the blue skies, blue skies and fly, fly, fly...
